Prayer, Pledge and Circle Time Activities

Journals Children draw pictures; teachers write what the journal entry is about

Calendar Math: We learn the months, year, days of the week, as well as the date. This program provides daily math practice from counting and patterning to place value and problem solving

Alphabet Sounds Activities:

The 3 year old children begin each new letter with an alpha tale. The children make an animal out of each letter, (Alligator for A) The next class day they do a color activity sheet that reinforces the sound we begin printing the upper and lower case letter. This helps them to recognize the letter and we review the sound.

Snack: Children bring a healthy snack

Number Recognition Activities We will use the Frog Street Press Sing & Learn Number series to learn the basic skills of counting through ten. Children will be able to rote count and touch count. Children will recognize how many are in a set and count with understanding.

Religion Activities We will use the Stories of Gods Love series (RCL Benzinger Press)

Our religion readiness program helps young children take their first steps on their journey of faith. The series teaches children appropriate scripture stories that tell them of God's love and connects these stories to the children's lives. It also connects classroom to home by providing weekly family enrichment and weaves prayer experiences in each lesson. It incorporates the important role of music in each lesson. The children are introduced to a new Bible Story of God's love from the scripture every other week a corresponding Life Story related to the child's life reinforces the Scriptural theme presented on alternate weeks.

Children's Leaflets

Week one: Bible Story ;The Bible story presents the faith theme of the lesson

Week two: Life Story; The life story parallels the Bible Story theme from the previous week and connects the faith theme to the child's everyday life.
End of the day Prayer & Dismissal

We are looking forward to a great year!!
