The Falcon Flower Growers are ready to get the campus looking great for the return to school!

A playground landscaping project is expected to begin any day now. It will feature beautiful stone work and year-round plants. The goal is for it to look bright, even during the cold and snowy months of the year. The project will serve as an inviting and uplifting area for the school community.

The bird feeders and bath will also be cleaned and refilled for a fresh start.

And lastly, one of the pumpkins at the pumpkin patch is already becoming a good size!
