## About the Event

We are proud to announce the 7<sup>th</sup> Annual Conner T. Lowry Memorial Outing! Marine Cpl. Conner T. Lowry, a 24-year-old lifelong South Sider died while conducting combat operations on March 1, 2012 in Afghanistan. Conner always exclaimed "Live Life Large". Proof of his motto was in his scores of friends, living life to the fullest, and helping others. His adventurous spirit eventually took him across the world as a U.S. Marine. It is this spirit that the Conner T. Lowry Memorial Fund hopes to nurture for future generations for educational scholarships at **St. John Fisher School**; and for **The Road Home Program**: The Center for Veterans and their Families at Rush University Medical Center.
