## What is Our Goal?

- Manna is our #1 School Fundraiser. Tuition alone does not cover the school's expenses. SJF proceeds from Manna help to make up the difference between operating costs and tuition. Participation is necessary and appreciated to balance school budget and maintain competitive tuition rates.
- We need to increase participation especially for school families to enable SJF to be accessible & affordable to all families, for generations to come. Given that, it is a mandatory program starting in the 2020/2021 School Year. **The school fundraising requirement per family is to raise \$300 FOR THE SCHOOL through manna sales.** Deadline for earnings the 2020-2021 School Year is April 30<sup>th</sup>. Meeting this requirement would result in about a \$450 tuition credit for you each year. For school families, your individual earnings will be reflected on your "Book Day" Tuition Bill in August.
- Each family doing their part and meeting their requirement will raise \$100,000 annually for the school and will directly benefit the students of SJF.
- **What if I can't meet the requirement?** If the requirement is more than you normally spend, just do your best to participate regularly. Any participation is valuable to the school, we will review results and follow-up with individuals that have not met the requirement. Any shortage to the minimum \$300 Manna contribution will be billed the school family and due by May 15th.

## HOW MUCH CAN I EXPECT TO GET BACK?

That's entirely up to you, and your dedication to the program. A few examples of success: some couples participated in our program for years before their first child enters school. **Grandparents, Aunts Uncles can also participate and it ADDS up FAST.** For one family that dedication resulted in starting school with a tuition credit of \$3400. Some families carry over credits to save for high school and college. Typical credit earned each year for strong participants range from \$900-\$1300 in individual credit per year.
